The need of cargo insurance

Your cargo is always protected

As a freight forwarder, we are always exposed to financial risks. For that reason, Movetainer felt the need to underwrite a goods in transit insurance, in the event of physical loss or damage to your shipment.

This insurance covers the value of the goods and protects from the time they leave the shipper's warehouse until they reach the consignee's plant.

The insurance coverage is based on:

- ✓ Institute Cargo Clauses A
- ✓ Institute Cargo Clauses (C) - 01/01/2009 - Cl. 384
- ✓ Institute Classification Clause - 01/01/2001 - Cl.354
- ✓ ISM Cargo Endorsement
